Yusoof Ali

Full-Stack Developer with 5+ years of experience building scalable web and mobile apps using React.js, Angular, Node.js, Spring Boot, Vue.js, PHP, and React Native. Skilled in AWS. Proficient in AWS. Strong focus on clean, maintainable code, performance optimization, and delivering seamless user experiences.

SKILLS

Reactjs, React Native, Angular, Vuejs, Nodejs, PHP, Java, Python, C#, SQL, NoSQL, Docker, PANDAS, GIT, Shopify, AWS

EXPERIENCE

Cydev — *Full Stack Developer*

Feb 2021 - PRESENT

- Developed scalable web applications using **React.js**, **Node.js**, and **PostgreSQL**, deployed on **AWS (EC2, ECS, S3, Lambda, CloudWatch, SQS, SNS)** for high availability and performance.
- Built a **multi-payment gateway system** with automatic fallback and an **in-house fraud detection service**, integrating internal APIs, RapidAPI, and other 3rd-party APIs.
- Designed and implemented **a Shopify app** using **RemixJS, Polaris, and GraphQL**, enhancing gift card and merchant functionalities.
- Created a cross-platform React Native mobile app, integrating platform-specific Android and iOS native libraries for wallet and payment features.
- Led code reviews, debugging, and performance tuning to ensure clean, maintainable, and production-ready code.

Inzilo — *Full Stack Developer*

JUN 2019 - FEB 2021

- Built a **customizable POS system** using the **MEAN stack**, enabling businesses to adapt features to their operational workflows.
- Implemented **Progressive Web Apps (PWAs)** to improve accessibility, offline usability, and overall performance across devices.
- Developed a **CRM web app** using **Spring Boot** and **MySQL**, streamlining client and sales data management.
- Integrated **multiple payment gateways** and **physical credit card machine APIs**, improving transaction speed and reliability.
- Created a **booking and appointment scheduling system**, allowing customers to manage appointments seamlessly online.

Pharoscion Global — *Full Stack Developer*

JAN 2019 - JUN 2019

- Developed and maintained **e-commerce, CRM, and landing page** websites using HTML5, CSS3, jQuery, and PHP, ensuring responsive and optimized performance.
- Enhanced **UI/UX** of existing company websites, improving user engagement and customer retention through design and usability improvements.
- Implemented modular front-end components using **jQuery** and **VueJs**, and AJAX-based interactivity to improve loading speed and client-side responsiveness.
- Optimized websites for **SEO, performance, and accessibility**, resulting in higher search visibility and better user experience across devices.
- Collaborated with stakeholders to gather requirements, manage deployments, and continuously iterate based on analytics and user feedback.

Alfowin — *Full Stack Developer*

FEB 2018 – AUG 2018

- Built an **e-commerce web app** using **Vue.js**, **PHP**, and **MySQL**, optimized for speed, responsiveness, and scalability.
- Developed an **educational web app for students** to **create their own resumes, add career goals, and view tutorial videos**.
- Integrated APIs and libraries, including **Google Maps, Google Analytics, and PDF generation tools.**
- Optimizing the site for maximum performance.

EDUCATION

Atria Institute of Technology — *B.Tech in Computer Science*

FEB 2015 – 2019, Bengaluru, IN
